on the back of your radio to permit an audio signal to be fed into to from an external audio device such as iPod, MP3 or CD player.

- Rotate the Band selecting knob to select "AUX".

- Connect an external audio source (for example, iPod, MP3 or CD player) to the Auxiliary Input socket.
- Adjust the volume setting on your iPod, MP3 or CD player to ensure an adequate signal level from the player, and then rotate the Volume Control knob on the radio as needed for comfortable listening.

REC Out socket

The radio can be used as a separate tuner by connecting this output to a stereo receiver or pre-amplifier or you can use this output to make recordings in mono from audio programs.

Charging with USB socket

Your radio has a USB socket which is intended for charging an iPhone, smart phone or similar devices. Charge time may vary and in some cases may take longer to charge than

Specifications	
Frequency Coverage	FM 87.50-108 MHz AM 520-1710 KHz
Power	AC 230V / 50Hz / 25W (European version) (For actual power requirement please refer to the back panel)
Internal Antenna System	AM Built-in ferrite antenna FM Built-in wire antenna
External Antenna Terminal	FM F-type antenna terminal
Output Power	6.5W 10% T.H.D. @ 100Hz

Coupler et utiliser votre appareil via NFC

WR-11BT+ est équipé de la technologie NFC (Near Field Communication). Cette fonctionnalité permet de coupler et lire la musique des appareils compatibles NFC. Pour les appareils non NFC, consultez les sections précédentes concernant le couplage Bluetooth standard.

- Tournez la molette de sélection de bande sur le panneau clignoteur en bleu.

- Activez la fonction NFC sur votre périphérique.
- Touchez la zone NFC de votre périphérique de lecture contre la zone NFC de la radio. Le WR-11BT+ va automatiquement coupler votre périphérique. Si vous vous coupez pour la première fois au WR-11BT+, votre périphérique compatible NFC vous demandera l'autorisation de lier le WR-11BT+. Une fois couplé à un appareil, il émettra un bip sonore et l'icône Bluetooth restera allumée en bleu.

- Utilisez les commandes de votre périphérique pour lire / mettre en pause et parcourir les pistes.
- REMARQUE:**
 - Si vous souhaitez connecter un autre appareil Bluetooth NFC, déconnectez d'abord le premier appareil Bluetooth connecté.

- L'emplacement de la zone de détection NFC n'est pas la même sur tous les appareils. Lorsque vous connectez avec un autre appareil Bluetooth par le NFC, consultez le guide de l'utilisateur de l'autre appareil pour plus d'information.
- Certains boîtiers métalliques ou protections de téléphones portables peuvent réduire la sensibilité au NFC. Assurez-vous de les enlever avant d'activer le NFC.

Déconnexion de votre périphérique compatible NFC
Pour déconnecter votre périphérique, appuyez simplement à nouveau sur le dessus de

14

Bluetooth podrá emparejarse o enlazarase con su radio.

- Si se mostrase "SANGEAN WR-11BT+" en su listado de dispositivos Bluetooth pero su dispositivo no pudiera conectarse, elimine el elemento Sangean WR-11BT+ de la lista y empareje el dispositivo de nuevo con el WR-11BT+ siguiendo los pasos descritos anteriormente.

- El cable operativo efectivo entre el sistema y el dispositivo emparejado es de unos 10 metros (30 pies). Cualquier obstáculo que se interpone entre el sistema y el dispositivo podría reducir el alcance operativo.

La función de conectividad Bluetooth / NFC podría variar, dependiendo de los dispositivos Bluetooth que se conecten. Por favor, consulte las capacidades Bluetooth de su dispositivo antes de conectarlo con su radio.Puede que no hubiera soporte para todas las funciones en algunos de los dispositivos Bluetooth emparejados.

- En algunos teléfonos móviles, hacer / recibir llamadas, mensajes de texto, correos electrónicos o cualquier otra actividad no relacionado con la retransmisión de audio podría silenciar la retransmisión de audio por Bluetooth o incluso desconectarlo temporalmente de su dispositivo. Este tipo de comportamiento es una función del dispositivo conectado y no indica ningún fallo de funcionamiento de la radio.

Reproducir desde un dispositivo Bluetooth emparejado anteriormente

El WR-11BT+ puede memorizar hasta 2 dispositivos Bluetooth emparejados, cuando la memoria exceda esta cantidad, se sobrescribirá el dispositivo emparejado más antiguo.

Si su dispositivo Bluetooth ya hubiera sido emparejado anteriormente con el WR-11BT+,

NOTA:

- Si desea enlazarase a otro dispositivo Bluetooth por medio de NFC, desconecte el otro dispositivo Bluetooth con el que está enlazado.

- La ubicación del área de detección de NFC no será la misma para cada dispositivo. Cuando se conecte con otros dispositivos Bluetooth mediante el NFC, consulte la guía del usuario del otro dispositivo para tener una información más completa.

Algunas carcassas o tapas metálicas de teléfonos móviles podrían reducir la sensibilidad del NFC. Asegúrese de retirarlos antes de activar el NFC.

Desconectar su dispositivo NFC
Para desconectar su dispositivo, simplemente tome de nuevo la parte superior de la unidad con el. La luz LED del icono de Bluetooth comenzará a parpadear para indicar la desactivación del Bluetooth.

Uso de auriculares

Se debe utilizar auriculares con conector de 3.5mm con esta radio. Conecte los auriculares en la clavija marcada en la parte superior de la radio.

Cuando se hayan conectado los auriculares, se desconectará automáticamente el altavoz.
Toque el área NFC de su dispositivo de reproducción contra el área NFC marcada en la parte superior del radio. La unidad se encenderá y entrará en el modo emparejamiento automáticamente. Si se empareja con el WR-11BT+ por primera vez, su dispositivo con función NFC le pedirá permiso para enlazarase con la radio. Una vez emparejado con un dispositivo, se sobrescribirá el dispositivo emparejado más antiguo.

- Gire el control Band para seleccionar "AUX".
- Conecte una fuente de audio externa (por ejemplo, un iPod, reproductor de MP3 o CD) a la toma de Entrada Auxiliar.
- Ajuste el volumen de su iPod, reproductor de MP3 o CD para garantizar una señal adecuada

Important safety instructions

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with clean dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at the power cords ends, wall outlet and where the power cord comes out of the radio.
- Only use attachments / accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart / apparatus combination to avoid injury from tip-over.
- Only use attachments / accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart / apparatus combination to avoid injury from tip-over.
